Armidale Junior rugby partner

The Story so far...

It was 1992 Cape Town, Australia vs South Africa Test Rugby. The Springboks had rejoined the Rugby World: an untried and untested team up against a proven force in the Wallabies. Here in Australia it was a frosty night as a few mates gathered around a screen to watch the game, but for John Nash this night was going to prove to be the genesis of something far greater than just a night at home with a few mates, beers and Rugby!

The game starting bets were layed: First scored Michael Lynagh, Australia (John Nash Tipped), First Try Paul Carozza, Australia (John Nash Tipped), Half time Score 3-8 Australia (John Nash Tipped and on fire!), Full Time Score 3 -26 Australia Won John Nash, Tippedall hail 'The Oracle' !!
